MWAURA VICTORIA JANE NJERI

Nairobi, Kenya | 0740793203 | vickieken689@gmail.com | github.com/vmwaura | linkedin.com/in/victoria-mwaura

PROFESSIONAL SUMMARY

Adaptable and detail-oriented Computer Science graduate with hands-on experience in cloud infrastructure, data analytics, network maintenance, and AI agent development. Proven track record in configuring network systems, developing full-stack web applications, and implementing cybersecurity solutions. Adept at applying technical problem-solving, analytical thinking, and collaboration to drive operational efficiency in fast-paced IT and software development environments.

WORK EXPERIENCE

Next Technologies Limited | Kilimani, Nairobi, Kenya **May 2026 – August 2026**
IT Industrial Attaché

- Developed and deployed an AI-powered House Hunting assistant using Streamlit, CrewAI, and the Groq API.
- Designed and integrated a multi-agent Airport Customer Support prototype leveraging Python, Google Agent Development Kit (ADK), and Gemini API.
- Managed cloud infrastructure tasks, performed data analytics, and contributed to client-focused AI workflow automation.

State Department of Public Works (Ministry of Roads and Transport) | Nairobi, Kenya **April 2023 – August 2023**
IT Industrial Attaché

- Maintained and supported local network infrastructure, router configurations, and server room hardware operations.
- Provided tier-1 technical support for workstation troubleshooting, endpoint security management, and Microsoft 365 administration.
- Executed routine preventative maintenance on office hardware and resolved client connectivity issues across departments.

EDUCATION

The Catholic University of Eastern Africa | Nairobi, Kenya **2024 – 2026**
Bachelor of Science in Computer Science (Second Class Honors)

KCA University | Nairobi, Kenya **2021 – 2023**
Diploma in Business Technology

CERTIFICATIONS

- **Cisco Networking Devices and Initial Configuration** – Cisco Networking Academy November 2026)
- **Cisco Networking Basics** – Cisco Networking Academy (October 2026)
- **Cisco Introduction to Cybersecurity** – Cisco Networking Academy (October 2026)
- **Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate** – Oracle (May 2026)
- **Oracle Cloud Infrastructure 2025 Certified Foundations Associate** – Oracle (May 2026)

PROJECTS & PRACTICAL TRAINING

- **Cybersecurity Portfolio Web Application (v-mwaura-portfolio):** Built and deployed a web portfolio mapped to the NIST CSF 2.0 framework featuring interactive security advisories and incident response highlights.
- **Church Management System (CMS):** Architected a full-stack 3-tier management platform using Node.js, HTML/CSS, JavaScript, and MySQL for database operations.
- **Global Conflict Analytics Project:** Analyzed multi-level ACLED global conflict datasets inside Oracle Analytics Desktop to map operational trends and structured reporting insights.
- **Hands-on CTF & SOC Labs:** Active participant in TryHackMe security modules focusing on Incident Response, Log Analysis, and SOC Analyst operational workflows.

ADDITIONAL INFORMATION

- **Technical Skills:** Python, Java, C, JavaScript, Node.js, HTML/CSS, SQL, MySQL, Git, Linux Shell, Streamlit, Network Administration, Digital Forensics, IAM, Cloud Infrastructure (OCI).
- **Developer Tools:** Visual Studio Code, PowerShell, Git Bash, MySQL Workbench, Oracle Analytics Desktop, Vercel.
- **Languages:** English, Swahili.
